

A Brief Introduction

International Iranian Economic
Association(IIEA)

IIEA was founded in December 2011 and has since been active in promoting academic research on Iran's economy.

Supported by 25 internationally renowned 'Founding Members', the IIEA is dedicated to encouraging high quality research on the Iranian economy and in 2016 had about 160 members worldwide.

The objectives of the IIEA are:

- Promotion of high standard economic scholarship and research on Iran's economy.
- Promotion of cooperation among persons and organizations committed to the objectives of IIEA.
- Facilitation of communication among scholars through its webpage, meetings and publications.
- Promotion of better understanding of Iran's economic policy challenges and opportunities.

Student Member resident of countries **outside Iran** Membership fee for Student Members is \$37.50 (£25)

IIEA Chapters.

IIEA members may organize themselves into chapters. The basic role of any chapter within IIEA is to facilitate activities consonant with the broad aims of IIEA at a more local level.

Any individual or group proposing to establish a chapter of IIEA should communicate to the IIEA Board.

IIEA first chapter has been established in Phillips-University, under the leadership of Professor Mohamad Farzanegan.

For more information on chapters see IIEA by Laws
