**Philipps Universität Marburg**

| Entry date: | Application deadline: | Salary: | Duration: | Volume of employment: |
|---|---|---|---|---|
| earliest possible date | 09. August 2024 | SHK-compensation | 31.12.2024 | 30-80h / month |

The Philipps University, founded in 1527, offers multiple award-winning teaching for around 22,000 students and tackles the important issues of our time with excellent research across a broad spectrum of science.

The Department of Mathematics and Computer Science, junior research group on NLP, Dr. Jörg Schlötterer (associated with the research group "Explainable AI", Prof. Dr. Christin Seifert) is currently accepting applications for a hessian.AI position as

# Student assistant

The position is part-time (flexible 30 - 80 hours per month upon agreement at start) and the starting is at the earliest possible date.

## Your tasks:

- You execute and document experiments for perspectivism in NLP.
- You train and test multiple models, including approaches to model individual annotators and to encode perspectives in large language models (LLMs).
- You support us in various stages of the development of new methods and analysis of perspectivism in NLP.

## Your qualification:

- You are enrolled at a German university.
- You speak and write English fluently.
- You have very good programming skills and are willing to learn new technologies. In particular, knowledge of python and PyTorch is a plus.

## Contact for more information

**Dr. Jörg Schlötterer**
