37 - 80 h/month

The Philipps University, founded in 1527, offers multiple award-winning teaching for around 22,000 students and tackles the important issues of our time with excellent research across a broad spectrum of science.

The Department of Mathematics and Computer Science, research group on “Explainable AI”, Prof. Dr. Christin Seifert is currently accepting applications for a hessian.AI position as

## Student assistant

The position is part-time (37 - 80 hours per month) and should start as soon as possible.

### Your tasks:

- You analyse and prepare a data set on cochlear implant success.
- You execute and document experiments for prediction of clinical outcomes.
- You train and test multiple models, including deep learning models.
- You develop a simple user interface to show model output to clinicians.

### Your qualification:

- You are enrolled at a German university.
- You speak and write English fluently, German is a plus.
- You have very good programming skills and are willing to learn new technologies. In particular, knowledge of python and PyTorch is a plus.
