

**Student evaluation for granting a „Deutschlandstipendium“
by Philipps-Universität Marburg**

Please note: This evaluation sheet has to be sent by email as a pdf-file to deutschlandstipendium@uni-marburg.de. It should contain the student's name and be dated and signed by you.

The „Deutschlandstipendium“ aims at supporting highly skilled students at Philipps-Universität Marburg who, based on their dedication and development in the past, can be expected to show excellent results in their future studies and profession. The student's social and personal background should also be taken into consideration,

If the student has already been enrolled at a university, he or she has to submit an **evaluation sheet issued by a lecturer with whom he or she has taken at least one exam.**

Thank you very much for your evaluation, which is an important guideline for the selection committee.

Name of the evaluator:.....

Position:

University Department/Institute:.....

Address:

Last name, first name of the applicant:

He/she belongs to the top 5% 10% 20% 30% of the students in his/her academic year
