Survey on diversity within the Hessian State Administration

2021/2022

Dear colleague,

When you joined us, you received an envelope containing the documents you need to take part in the Hessian State Administration's Diversity Survey.

If you have already taken part: Thank you very much!

If you have not yet taken part in the online survey:

Please do! Filling in the survey takes only a few minutes of your time, but provides the Hessian State Government with crucial information, allowing it to improve intercultural and diversity-orientated openness in the administration.

Please contact your HR department if you need new access data for the online survey.
