

SYNMIKRO Midsummer Day & Party

Friday, June 21, Lecture Hall & Foyer

SYNMIKRO Institute Building

Karl-von-Frisch-Str. 14, Lahnberge Campus

Beer + Beverages + BarBQ will be Served FOR FREE!

	<i>Guest Speaker</i>	<i>from</i>	<i>Title</i>
9:15	Prof. Dr. Jens Boch	Leibniz-Universität Hannover, Institut für Pflanzengenetik	<i>Development of novel Genome Editing tools using synthetic biology</i>
10:00	Dr. Daniel Dunkelmann	MPI für molekulare Pflanzenphysiologie	<i>Design and assembly strategy for a synthetic chloroplast genome in tobacco</i>
10:45	Coffee Break		
	<i>Speaker</i>	<i>Group of</i>	<i>Title</i>
11:15	Rene Inckemann & Tanguy Chotel	Prof. Dr. Tobias Erb	<i>Advancing chloroplast synthetic biology through high-throughput plastome engineering of <i>Chlamydomonas reinhardtii</i></i>
11:45	Dr. Paushali Chaudhury	Prof. Dr. Helge Bode (> Prof. Dr. Peter Graumann)	<i>Uncovering the role of secondary metabolite in natural product biosynthesis</i>
12:15	Dr. Liyun Wang	Prof. Dr. Victor Sourjik	<i>C-di-GMP FRET biosensors: A toolbox to go, and its FRET-To-Sort</i>
12:45	Dr. Daphne Jurriens	LUMICKS	<i>Single molecule biology: observing molecular machines in action</i>
13:15	Get together and Party
